The award winning trend continues
Newton winner of Equity Manager of the Year Award

London & New York, 27 April 2010 – Newton* was named 'Equity Manager of the Year' at the UK Pensions Awards held in London last week.

The UK Pensions Awards are regarded as being one of the most prestigious accolades which represent continuous and ongoing improvement across the industry. The overall aim of the awards is to recognise providers that offer the highest level of service to occupational pension schemes and their members. The judging panel reviews each entry and awards points for four set criteria: innovation, communication, performance and/or benefits to clients and service standards.

Helena Morrissey, chief executive officer at Newton* said: "We are thrilled to receive this top industry award from a competitive short list. This achievement clearly demonstrates that Newton is one of the leading players in the asset management industry and cements our belief that we provide our clients with a high level of service.

"Newton's holistic approach of retaining perspective and focusing ideas through the use of themes has generated competitive returns for investors through diverse market conditions. Our focus continues to be on identifying positive investment opportunities and aiming to deliver competitive returns on behalf of our clients."

In October 2009, Newton was awarded 'Equity Manager of the Year' for the second consecutive year at the Financial News Awards.
